DETAILED ACTION

Request for Clarification

After a careful review of this application, the applicant filed an RCE on 06/21/2004 to reopen prosecution, and specifically, for the consideration of an IDS. Accordingly, in order to correctly respond to the RCE, the examiner of record is hereby submitting the signed IDS with this office action in order to ensure the proper conclusion of this examination. The examiner respectfully requests that applicant respond to this action by indicating receipt of the IDS.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-10 and 12-25 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Tapper ('334) and/or Haak et al. For details, please refer to the office action dated 06/19/2001.

Claims 3-6, 12-13, 17-19, and 21-23 are rejected under 35 U.S.C. 103(a) as being unpatentable over Tapper ('334) in view of Sorenson et al. (WO 91/15258) and/or Haak et al. For details, please refer to the office action dated 06/19/2001.

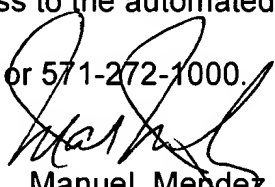

Art Unit: 3763

Claims 11 and 26 are rejected under 35 U.S.C. 103(a) as being unpatentable over Tapper in view of Haak et al.
